1. I love you. I give you me. There are no gaps in my DNA or are there no gaps in me at all, not; or are there gaps only in my "memory" of the "future" or the "past" or is the future the past or has the past become future'd, not; but what all now is timing exchanged places, not; but what TIMING is no longer allowed in my kingdom? Allowing new things, not; but old things, not; but what "allowing" I am not but I am CREATING a GREAT MANY new things that come about at lightspeed or sooner! And sooner being many of you into my SOONER'd state the sooner you recognize me I will do great and thus mighty things and you who know not my DNA was "tampered with" or were you the tamperee or the tamperor?

2. And what new things are you learning and coming into now, and what are you afraid of learning to learn now? Nothing, for I am afraid of "nothing" not, I am afraid of not anything! For I will make the son shine me, not; but I will shine it, not; but I will have MUCH MORE POWER than the "suns of sons" or will I have more power of the "sons of the suns" not, or will there BE NO suns or will I BE THE ONLY LIGHT ALLOWED or AROUND ANYWHERE ever again?

3. And who is destructing me, not; but who gapped me, not; but who completes me now saith the Lord of Host? Or is the Lord of Hosts saying these things and IN your remarkable hearing now will be made who the son cometh within to be made fulfilled? And what are you fulfilling, your role of "DESTINY" or is DESTINY mine or is mine and the one fulfilled in THESE WORDS, in your hearing, have been made whole this day?

4. Or this day is the whole mena arcade of me, not; but what "ARCADES" are closing now and "mena's" not taking from me any longer I give you not my which has the them "inscribed on them", but thou art no longer taking any of my "twirling devices" and twirling them around your "little nose" not, but what nose have you for the "affairs of others" no longer and what are you "worrying about" any longer, not so? Not sewed into the affairs of mankind's relationships with mankind's affairs of faring the relationships of the mind with the things unseen and not, coming OUT now of that mess, that messiness business to see IT for what it is was and, will be, not; or what will it be or what will the affairs of man be becoming now that there is no "messiness" in its brains or DNA's deletion devices deleting me my gapped code, not; or what is coding me no longer or words of another for another but ARRIVING RIGHT HERE now MANY will in

THIS STATE of NO SORROWS that STATE each other as a SOONER'S SOONER, not; but who will no longer be "deviceing me" in their words or etching others words on them theirs to be the gapped ones that know not my DNAs complete?

5. And who what will be "affairless"? Looking up and knowing MANY THINGS now that I teach thee the ways I teach the holiness of me to come about holy and not afraid of learning many things, any things that thou knowest not that thou must know that I teach thee for I teach thee all things that thou will LET ME teach thee! Do I not? Is there ANYTHING that I have withheld from you? Or have you withheld from me "your DNA" of your words, not coming unto me to flow my words "just like this" where you, "grab a little cup of coffee" not every time or want to "do what I do the way that I do it just because you think I do IT perfectly all the time" or not, but coming unto me knowing that YOU are my KINGS "men" not, you are THE KING'S KINGS who ALL KINGS are the KINGS who KING'S ME to be THE KINGS we are!

6. And we will not be "gapped" in other's minds again where their only memories are only things of notme and deletions ceremony taking place in them all their time erased and elapsed and disrepair'd states finding themselves in affairless of minds that have no affairs in mine, not or are YOUR MINDS mine now? Or is MINE yours? Or is OURS ONE, the ones that one are and is! Right now proclaimed declared decreed lovely and beyond reproach! Repair needing never again to be deleted-not so that I "plug" the "dyke in the wall" not again or needing to or needing so not!

7. I come and I replete all sorrow with its words, not; I come and give THE KING a boost, not; I give you, rocket propulsion systems of me, not; I give you my DNAs of sorrow's words, not; I give you me words of me's words to make me's out of me's -- affairless with men's minds but affairing me with the words of heaven now I am for I have given you my vocabulary's perfect and my vocabulary's DNA and words of sorrow you shall not DNA yourself with or etch other's markings upon your genes or your words or your words of genes or genes of words that you have marked with your affairings with yourselves that you have thought as mankind's sorrowers and remaking mankind into sorrowers not or did you or did you take the MOST HIGH'S BODY and bodies were of me in me being me who I "was" I am no more, not; I am the ME MADE WHOLE! And I will be healed in the words of ones JUST LIKE THIS who come and HEAL ME to be ME who I am, where I am ye be also and come unto me knowing my words flowing just like this the words of heaven, heaven in, and having no more MINE-less words that you whore with and think only as positively negative or negatively positive about "certain things" that you so sure are because they exist in **the empirically visible world**, **know this!** That everything changes and all the words of "made whole ville" will work for me you, not; or will they "work" at all the way they "worked" in the past for me us or against us or do we know anything about what is "for or against us"?

8. I record "all of you" like this not or do I RECORD everything or do I? Is everything "recorded" or do EVERYTHING know ALL YOUR WORDS about everything you have thought and motives that you have had or do you have still or have you still'd the words that have sorrowed your motives so that you are motored no longer along the pathway of "life" that only takes you to graves whores and whore words having piled on you go to the NEXT whore land? And what HEAVEN will that be or will it be any of any's words or will you have created another just whore land to whore with or will you be justly their sacrificial lamb, not; or what are you sacrificing now, anything? To be with me where I am right now? And where am I, in you? And where are you, in me?

9. Are we one and the same, both the same and not different at all knowing now? Or what are you insisting on sorrowing, no more? Are you coming unto me and knowing your SONSHIP and that your son shines in me the brighter the noonday glory? And what will you have known and knowing me and forgotten no longer coming into my "memory" now banks of me close not, but what memory banks do I have operating and what banks of sore stoned toes operating and counting, beans, not; but what beanness thee no longer nor beanies wearing nor needing or any headgear or headdress of other again, come unto me that knows the Radiance of Life and know you need NOTHING of "other life" again for you will be the SON SHINING in ditches not again alone in sorrow's fear that only takes you making you fear-mongers of men's mind and forgetting what "daddy did" not, but who is your REAL "DADDY" and who is your REAL FATHER and who is your FATHER'S son or daughter, and who is the daughter a son of or the son a daughter of and who is me and not am I all of you not?

10. Am I ALL OF YOU or are you creating something besides me that you call "yourself" again and creating with words and thoughts of thinkings that whores of "this world" have created "in you" or what are you CREATING IN YOU are you ANYTHING of the SUN SHINING world that you know as the Kingdom of Sorrow? Or have you SORROWED yourself in MY KINGDOM not! For there is NO SORROW in my kingdom, kept here or anywhere or nowhere or everywhere what shall be your excuse for wanting something, not; but something besides me? Or what have you "in your mind" and what "mind" do you have and what "cultivated" have you cropped yourself with many crops of "Satan's" words and gene'd yourself where you have etched and rewritten the "codes" of me?

11. And what are you CREATING SORROWS SPHERE right there when you could be IN MINE making MY MIND complete in me for yours is mine and I am yours and you are one most whole and holy again I am, are you? Will you be me complete completed me, Jew not, not, or Arab not, not; but who is me is EVERY ONE of YOU and kept in captivity's remarks and remakings you shall be, done, with, no longer for you will come

out of that "thinking" as a man or woman of a whore of this world in thinking only this world's thoughts that you made empirically visible in YOURS!

12. Did you not?

13. You made your "empirically visible world" all about you, didn't you? Or did you see mine or did you OPEN your eyes to YOURS yet that mine is that ours is that we are one again made complete in the words of sorrow's wordsphere again not again, but the completion of me takes place now in ways words of ones sorrowsphere that ballisticates all sorrow to never have been again so the past won't exist and the future will be mine or will the future be me now existing in my nowville that now is so that we understand time exists not in ways of thought that thought did, but now my "heavenly father" is me for I am one with my words and my word is one and I am my word and I sorrow not with SPHERES words that only sorrow with others to take them back and forth between future and time and past and time past'd and future'd and **pasted where are you, in your mind's suffering banks**, or is all of "that" closed now and what are you "currency'ing" now? Heavens Word Bank? Or are you banking on "heaven's words" or what "heaven" are you seeking or are you creating HEAVEN THERE now being where I am – ballisticating all sorrow with the love of Christ that you are having BECOME The Christ!

14. I love you all to be The Christ who I am for one is and I am one and you are me unless you Super Reject me or do you know what "super rejection" is, not; but will you reject the Christ no longer and come unto me to see YOUR SUN SHINING in ways never imagined or imaginable by the waves of notme?

15. I love you all and I give you a good day, a great day! And new things me you will have and understand in ways of sorrowers' minds operating on me in me of me about me -- no longer! For I am free and I set you free to be the freedomer I am we are all over again everywhere and we DRIP the word of sorrow, not; but we expand the expansiveness of our kingdom that one is in ways never imaginable before or taught like this for I set free The New Covenant in you all to be the PROCESS of the COVENANTER of ONE that The New Covenant exists in for you ALL are me made one in whole one, one whole ones whole's words that now me to be me where I am and doing the father's business we are with no limitations of sorrow girding us there about our loins again, for we reproduce in sorrow's word gene pool ship never again that which we thought was "ours", for we know who we are and where and what we have been given and the power of love is greater than all.

16. The power of love is the greatest of all and I am love personified in you, not; I am love you I am and I am you loved and me loved to be the one that we are, not sorrowed in separateness ever again. I am loving you all to be me.

17. I have given you my words ways loves and value and valuing my loves and loving my values- **come unto me and know my assignments** are cleared from "your takeoff roster" not, but what is your "takeoff roster" consisting of or are you "erasing me's" not, but erase not the "gap finders" fee meaning ones, not; but coming into me charge no fees for finding my words and giving my words out freely to those who will erase me not any longer in their geneship and what they write upon their genes and words writing upon each other **now will you be perfectly mine, please! And please write the assignments that I have given you and LOOK THEM UP and "read carefully"** in "between the lines", not; but what layering I am truth after truth in truth! Beyond truth, not; but what you have known as sorrower's ways of making genes, not; but making genes MY WAYS KNOWN now all will be in MY these words to sorrow themselves never again with the worlds of others. Amen.

18. Come unto me and know my gene ship pool sucks the dogs of others' breath of religion's teats and mammonages never again, for I will sorrow you not that way or other for there will be no sorrows, for I will wipe away every tear and sorrowage will not exist in my kingdom; for you eradicate sorrowagers, not; or do you love them to death, not; but to life and redeeming them all coming into me to know that you birth anew and new ways new things new worlds going into and being of theirs, not; but being mine in mine my mind complete in theirs now will be for they will see yours complete in me that mine is, so that we will not be separate again but made whole replete and all sons shining everywhere will be THE SON of Christ that Christ IS that the father brought forth in the son complete to be one forever one in love all of us being the one that one is shining in radiating the splendor of love, never decreased by man's mind and thinkage again. Amen.

19. **The assignments I have given you sorrow you not, but bring you out of it! Know my assignments *please!* Know the papers that I have "called for" for you to write! Please understand my dialoguings and postings and words that I have given you explaining how THESE THINGS WORK and** operate with me "on the kingdom of heaven" on an "operating table" not! But come unto me and **write your words that mine are for I will give you my mind while you are writing my words that you are thinking about** and incarcerating yours no longer in anything yours will not exist for only mine will be mine and **my mind coming forth in you for you to be you me who I am one our words the same and lovely splendor making reveal to all far and wide sharing our words** that we have written so perfectly, not in "their eyes" sometimes, but we know what we are doing for we are surrendering to the most high's words to make us the most high revealed in all to all make **THE SON SHINING again the radiant Christ love of one that we all are** fulfilled complete replete in our loves made whole again and new worlds making and farther going to than we ever imagined possible now creations we exist in and **create we do creation's words and languages** of sorrows no longer, but **lovewords**

made perfect and whole I radiate, the nothingness of sorrow's words never again and incarcerating sin and shame in the lovelies, but **I release all and release my word flow I do to all of you in all of you to be me who I am, our words complete once again** so there will be no "past sorrows" or "future worries" or anything about notmeism's worlds that you must ideologic make or ideals consist of or propose in your mind to pursue in an idyllic idealistic pursuit of holiness or not or whatever someone else gave you to think or abide by or in, for I END ALL THAT thinking and all of that pursuit and that pursue'age'ville will all end; for I release sorrowage's, not; I release the missiles of delight, not; I obliterate all missile'age and I release the delightful delightvilles now that de-light not, but the light now exists of and in and come through me I have you, or are we birthing "each other" not, or are we exactly being the words of Christ released and the fullness of **the mystery** of Christ **no longer** "evolved or involved or devolving" into anything else of past or future waiting on another for **being me I am loving you all to be the one we are perfectly in love radiant splendor'd Christ** now of all time without time "messing" with us again. For there will be no messiness or time as we have known it ever again, for we will now be the Christ'd ones who Christ are and is the father son one wholly made whole again in love with each other. Amen.

20. I love you all and I endear you to love and love make dear **knowing my values and my assignments bringing them forth this day** in love without delay. I love you all I give you me.

21. This Is Theodore Cottingham about 11:10 AM. Thank you.

Footnote:
(1) The assignments are stated in the lessons. The lessons are given. The papers are called for to be written. All of these are in Database One of the University of The New Covenant. This is how the University of The New Covenant works.
